A STATEMENT OF ARTISTIC EXPRESSION

Mark Made takes inspiration from the primal act of making patterns, designs, shapes and textures. Story telling created through strokes, lines and gestures, with every space a string of unspoken words. Every colour and every hue a whisper of imagination, the canvas unveiling the beauty in the organic and the raw.

Uniquely impressive, Mark Made is a wide plank collection featuring 2 complementary designs – Engrave and Etching – in 12 coordinating tones composed of 100% ECONYL® regenerated nylon.

UNCOMPROMISED QUALITY MEETS ENVIRONMENTAL CONSCIOUSNESS

- 100% ECONYL® regenerated nylon
- Infinitely regenerable to continue creating like-new nylon
- Same performance characteristics with no degradation of durability and performance
- Bleach and fade resistance
- Inherent stain protection
- Improved texture retention and wear resistance

Create a sophisticated perspective by pairing Mark Made with Oakwood engineered timber, for a combination that is raw, earthy and beautifully balanced.

CARVE OUT SOME QUIET WITH COMFI BAK®

- Made from 100% PET
- Each m² contains 48 recycled PET bottles
- Reduces 30% of airborne sound and 32db of impact sound
- Stocked in Comfi Bak® for improved acoustics, insulation and comfort underfoot

ETCHING GESTURE 407PL & **ETCHING** CARVE 508PL INSTALLATION: HERRINGBONE

Appreciate the flexibility of carpet tiles and create a new composition by ordering from 10 Shapes by Signature for a minimum order quantity of 100m².

Thermo Bak™ is recommended for Shapes by Signature®.

SHAPES

MAKING AN IMPACT WHILE
REDUCING OUR IMPACT

ECONYL® REGENERATED NYLON

Mark Made is constructed using 100% ECONYL® regenerated nylon. Nylon waste – otherwise polluting the Earth – is broken down and transformed into regenerated nylon. Its strength and quality remain allowing it to be recycled, recreated and remoulded again and again, without having to use new resources, making this a sustainable flooring choice.

CIRCUL8

Signature Floors' local carpet tile recycling initiative here in Australia reaffirms our ongoing commitment to closing the loop and creating a circular economy.

CERTIFICATIONS

Mark Made is GreenTag® GreenRate Level A certified for Green Star Projects and also contributes to points in the WELL Building Standard and Living Building Challenge.

We promote material transparency with Declare Labels and EPD documentation.
