BEFORE YOU BUY

Throughout this brochure you may notice a colour variation between the room and swatch images. Both are the best possible representation of that product within two different photographic environments. It is important to keep in mind that there are a number of variances in addition to lighting that may affect the way your hard flooring looks. This can include paint colour on walls, furniture and décor items that can alter the appearance of your floors.

HOW LIGHTING AFFECTS THE LOOK OF YOUR FLOOR

Flooring is one of the biggest surface areas in your home and a key design element to any interior. When selecting your hard flooring, colour plays just as much of an important role as price, style and quality.

It is important to take into consideration how your selected hard flooring may look once it is installed in your home as the lighting in the room will have a significant impact on the way the colour is perceived.

For example, hard flooring that is laid in a room that receives little to no natural light will appear drastically different to a room that has a lot of natural light coming in. It will also appear different as the light changes throughout the day and transitions from morning to night.

THE EFFECTS OF ARTIFICIAL LIGHTING

Natural sunlight is not the only lighting that has an impact on the colour of your hard flooring; the type of light fixtures you have in the room will also play a part in how the hard flooring will look in your room.

Indirect lighting, such as a wall bracket aims light toward ceilings or walls, whereas a lampshade or floor lamp has a wider spread of light, therefore the light displayed will rebound against walls and floor.

For the best representation, we recommend going into your local Choices Flooring store and request to take a sample of your desired colour home. In addition, take a sample that is a shade darker so you can compare the two shades in both natural and artificial light at various times throughout the day to ensure you are happy with the true colour of the product within your room.

ABODE CARE & MAINTENANCE GUIDE

Abode has been designed with low maintenance in mind, allowing you to spend more time doing the things you love. A key benefit of Abode flooring is how easy it is to clean, and with little maintenance, you can extend the life of your floor for years to come. The nature of the maintenance will depend on the amount and type of traffic in your home. A typical maintenance program for a standard home would be as follows:

INITIAL TREATMENT

Maintain a temperature controlled environment between 18°C – 28°C and do not wash your new floor for at least 24 hours after installation. Sweep with a broom or vacuum to remove any grit and dirt. This will avoid scratching your floor prior to implementing the recommended maintenance schedule.

REMOVING SCUFF MARKS

Scuff marks on surface areas are usually caused by dragging heavy items such as furniture or sliding shoes across the floor. These can be just wiped away with a damp cloth. If you are having difficulties removing scuff marks, add some eucalyptus oil to a damp cloth and wipe scuff marks to remove any residue.

WEEKLY CARE

Sweep daily or as often as required with a broom or vacuum to remove any grit or dirt. At least twice a month, mop the entire floor with a pH neutral cleaning product. The minimum amount of water/liquid should be used to prevent moisture from penetrating into joins. Check with your Choices Flooring sales consultant which cleaning product is most appropriate for your floor.

abode

The next evolution in flooring.

Boasting stunning timber designs that provide the flexibility to be installed throughout most of your home, embrace the next evolution in flooring with the Abode collection.

FEATURED BRANDS

Discover the new benchmark in flooring.

From modern grey hues to classic oaks, Abode Alpha has it all – style, durability and budget friendly, making it a great option for any home. It is an exceptional, solid-core plank designed to withstand up to 50° heat without lifting or warping. You can rest assured it will perform brilliantly in your home throughout the hottest summers.

HOW IT'S MADE

- ① Surface protection
 Surface protection system uses PU
 technology to provide a hygienic and
 durable finish.
- ② Clear PVC embossed wear layer Provides superior protection from everyday wear and tear.
 - ③ High definition photographic layer Showcasing the unique design of each product; handcrafted for one of a kind beautiful floors.

(4) Core

The binder in the core is composed of 100% PVC (no wood floor) to ensure stronger, more stable core for installation over most existing hard floors without the worry of exposing subfloor imperfections.

- ⑥ 5G® click-locking mechanism Using a single action installation method, the 5G® click-locking mechanism allows the installer to quickly click and lock planks together.
- ⑥ Acoustic backing Pre-attached acoustic foam backing makes it quieter to walk on than laminate floors and reduces noise transfer to rooms below.

SPECIFICATIONS

Board dimensions: 1,520mm x 228mm

Pieces per carton: 6

Area per carton: 2.079m²

Wear layer: 0.5mm

Surface: PU (Polyurethane)

Slip resistance: P3

Thickness: 6mm

A harmonious blend of elegance and durability.

Inspired by the picturesque landscapes of old English masters, this collection combines the best of both worlds – the natural timber beauty found in lush forests and the resilience of modern technology.

IF YOUR ABODE PRODUCT FAILS TO PERFORM...

Your selected ABODE product is covered by one or more warranties as stated in the warranty information. For more information on the applicable warranties or quarantees on your selected flooring, please check with your local Choices Flooring consultant, or for more information visit the warranty section of the product on www.choicesflooring.com

*Warranties and guarantees are provided by the manufacturer and are in addition to other rights and remedies of the consumer under a law in relation to the goods. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage.

You are also entitled to have the goods repaired or replaced if goods fail to be acceptable quality and the failure does not amount to a major failure. Variations in colour within the one reference can occur across all timber designs. Actual colour samples shown in this brochure may vary due to the printing process. View a true representation of the range at your local Choices Flooring store. All information is correct at the time of printing (May 2023).
