Acoustics & performance

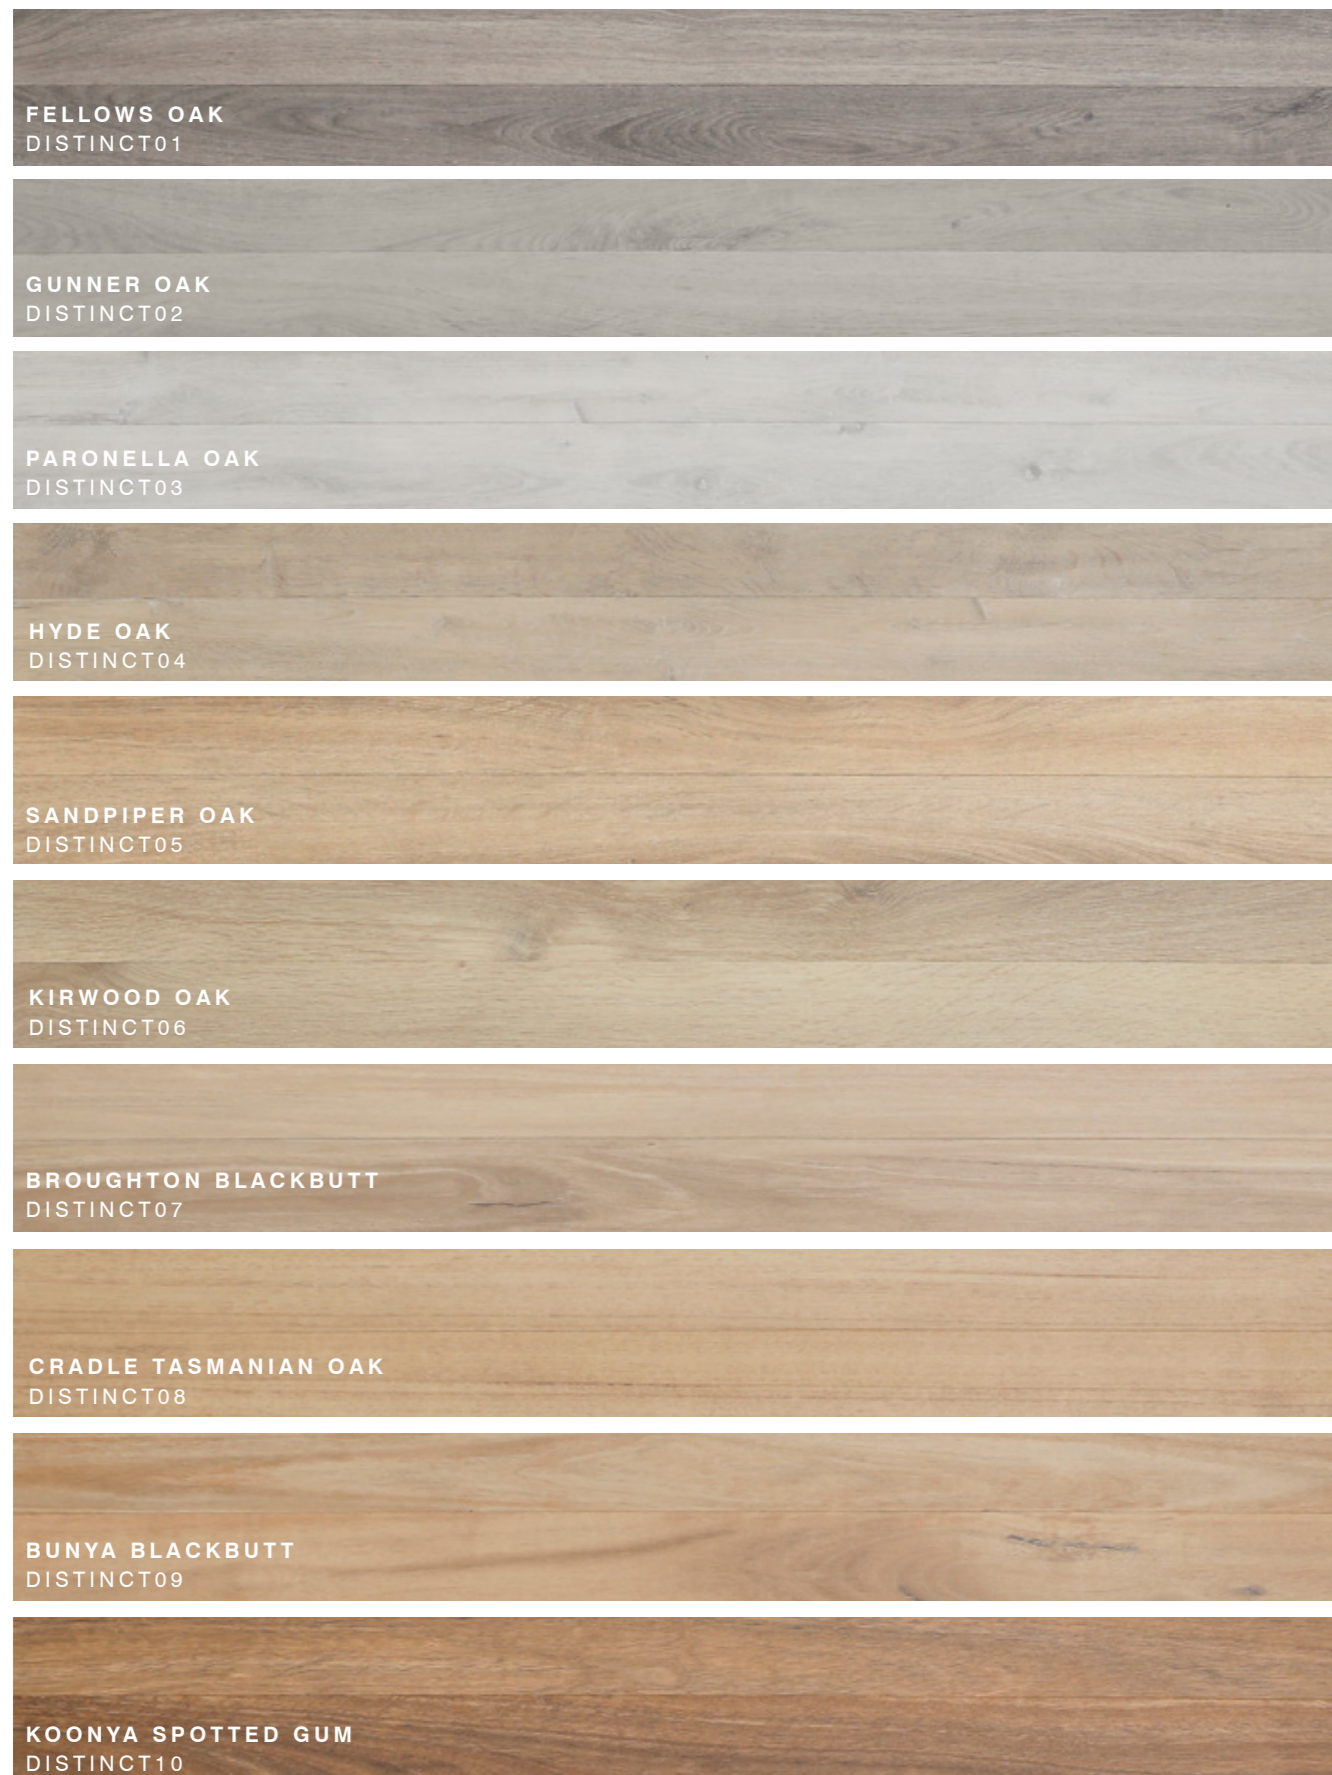

A Distinct hybrid floor takes advantage of Liteback[®] technology, offering reduced noise transfer – perfect for areas that see heavy foot traffic. The milled channels in the backing create air pockets that disperse sound, plus planks weigh up to 20% less than usual making them a breeze to handle for easier installation.

Acoustics

Liteback core technology is a heavy-duty backing that helps contribute to quieter indoor environments. The technology reduces raw material consumption by 20%, making hybrid a sustainable choice. Floors also feel 20% lighter to handle during installation.

Easy installation

The latest 5G click-lock system makes installing over existing hard floors fast and hassle-free. And, with minimal floor prep required for most other floor types, customers save both time and money.
